IPR-IX30-SPC

Spacer for Sirius iX30 card reader

DESCRIPTION

The standard Spacer for the Sirius IX30 is often used on door posts where cable entry from the rear is not possible, or where additional space must be created from a metal door post. The Spacer is equipped with a made-to-measure profile which always enables a precise installation of the card reader.
The Spacer is available in de colors black and champagne. You can take a look at our gallery for an impression of both colors.
