PD950DC

5 MP High-speed outdoor PTZ dome camera 40x zoom

DESCRIPTION

The PD950DC is a 5MP IP outdoor PTZ camera with 40x optical zoom lens. Utilizing the latest Technology, PD950DC efficiently ensures the low bandwidth by real-time H.264/H.265 streams. Its IP66 waterproof and IK10 vandal resistant housing make it suitable for outdoor usage. The high-speed pan, tilt, and zoom mechanism and auto-focus give instantaneous and stable focused images.

Description

Multi-stream high definition
The camera has the capability to stream simultaneous 4 video streams in H.265, H.264 and MJPEG. Multiple combinations of encoding, resolution and frame rate can be configured to satisfy different live viewing and recording scenarios. Each selected resolution-frame rate combination can be freely set to a stream number. Also, the optimized encoding H.265/HEVC streaming provides the clear images with less transmission bandwidth and storage capacity required.

Open standards
Multiple options are available to easily integrate the PD950DC to a video management system. In support of open standards, the PD950DC is compliant with a range of VMS's, it supports ONVIF (Profiles S, G, T, M) and the Siqura API.

PT Servo feedback
The PD950DC pan and tilt motors are controlled by servo feedback, keeping track of the PTZ position at all times. No more drifting PTZ head due to shocks, vibration or vandalism. When the head is forced from its position, it will return immediately.

Power source choices
The PD950DC can be powered with 24 Vac or over the network with PoE+ sources.
