

WP10

10l washer tank, pump 10m, float switch, 316L frame

DESCRIPTION

The WP10 is a washer tank for the UP series (Upright PTZ cameras), the HSG04 housing, and the safe-area SA-FIXW and SA-PTZ cameras. The WP10 has a capacity of 10 liters. The washer tank is equipped with an IP66-rated junction box that contains the power supply for the self-priming submersible pump located inside the tank. The float switch protects the submersible pump from dry-run.

FEATURES

10 liter washer-tank

10 meter delivery height

Input power ranging from 24Vac,
24Vdc, 100Vac to 240Vac

IP66 integrated junctionbox

Dry-run protection

Includes 10 m anti-algae hose

Suited for all cameras with wiper

Power source choices

The WP10 washer pump can be powered with 24 Vac, 24 Vdc and 100 to 240 Vac. The pump control is operated by an input contact from the UP series PTZ and the HSG04 or by a 24Vac control signal from the SA-FIXW or SA-PTZ cameras.

WP10

Construction	316L frame
Tank material	HDPE HMW PolyEthylene (resistant to chemicals)
Hose material	EPDM rubber
Hose length	10m
Delivery height	10m max.
Cable entry	cable gland, 5.5 to 8 mm cable diameter
Weight	4.2 kg (4.9 kg packaged)

Power

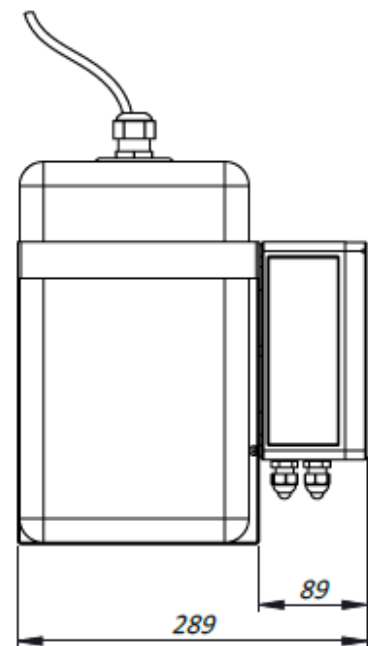

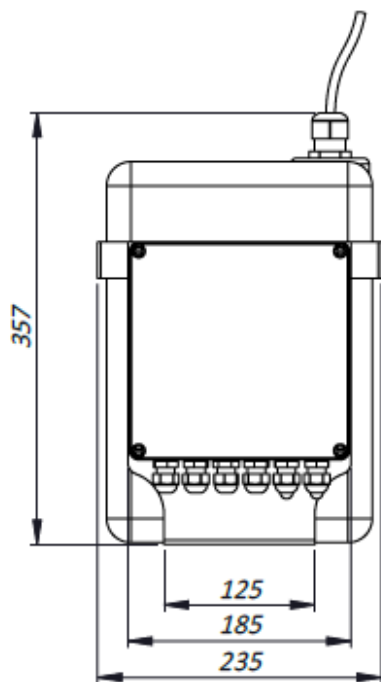

Power voltages	24 Vac, 24 Vdc, 100 ~ 240 Vac 50/60Hz
Power consumption	60 W

Environmental

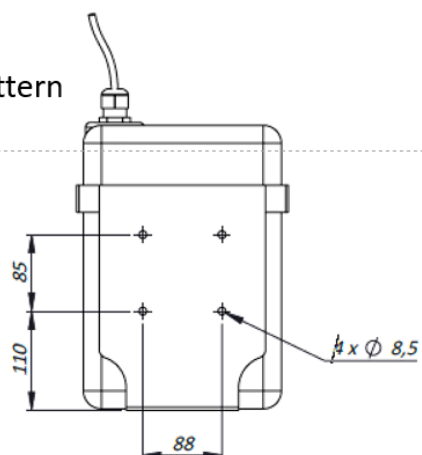

Ingress protection	IP66
Operating temperature	-20° +60° C (-4° +140° F).
